## HEALTHCARE PROFESSIONALS' MONTHLY TRAINING

Held Live 2<sup>nd</sup> or 3<sup>rd</sup> Friday of Every Month ---Live at QCC or Webinar or VTC

### Hawaii Certified Peer Specialists: Modeling Mental Health Recovery Skills, Instilling Hope

Friday, December 9, 2016, 12 pm to 1:30 pm

The Hawaii Certified Peer Specialist (HCPS) program trains mental health consumers to model recovery skills to their peers. In a research study conducted by Optum in New York, behavioral health costs were reduced 47% with the use of certified peer specialists. In this training, we will hear from three professionals collaborating through their roles to provide effective certified peer specialist services to consumers on Oahu and how these services have enhanced the lives of people recovering from mental illness.

You can always use the webinar connection if you cannot make it to a VTC site with webinar at: <http://vtc.tipg.net/>

## WEBINAR Directions

Upload the installations at least 30 minutes or ideally a few days earlier to the conference since it may take a while to download these files. Once they have been downloaded on a computer, they will not need to be downloaded to attended future sessions. We will have the conference up at 11am so you can sign in as early as 1 hour before the webinar begins. FYI: When new participants join, a “chime” will sound so we recommend you join before 12pm. After the installation, restart browser and go to <http://vtc.tipg.net/> . Log in with your name and meeting ID: 6015. **Please keep your mic muted when you are not speaking.** If you have any questions, problems, or would like to do a Scopia Desktop test, please call (808) 956-6668 or email [stan@tipg.net](mailto:stan@tipg.net) at the S.T.A.N office
